
ABHINEET SHARMA

257 Bow Dr Hauppauge NY-11788 ♦ C: (515) 708-3459 ♦ sharma.abhineet31@gmail.com

PROFESSIONAL SUMMARY

Results-oriented and self-motivated software engineering professional with around **14** years of experience in **Java** technologies. Self Starter and Passionate about solving challenging problems and working on scalable software solutions in a dynamic environment. A curious mind always willing to learn new ways in this ever changing development world.

SKILLS

Expert: Java, Backend Development

Advanced: SQL, Python, Docker, Spring Boot, Microservices

Working Knowledge: AWS, GRPC, Kubernetes, Kafka, Golang, Django, C++

WORK HISTORY

Staff Engineer 03/2021 To Present

Senior Software Engineer, 11/2019 to 03/2021

Yieldmo, New York, NY, United States

Leverage my Java and cloud development skills to create innovative and high-performing products that deliver value to our clients and users

Highlights

- Drive feature sets on video team bridging gap between technical and product teams
- Performance improvements in critical piece reducing CPU time by ~2%
- Improve ad signals resulting in increase in spend by ~5%

Senior Software Engineer, 10/2018 to 11/2019

Workmarket, an ADP Company, New York, NY, United States

Developing microservices for the financial operations team

Highlights

- Key contributor in improving team's understanding of RxJava library by leading a book club focused on RxJava and Machine Learning.
- Developed a machine learning prototype for a job description classifier

PREVIOUS ROLES

- **Senior Software Engineer** | 06/2016 to 10/2018 | **Workiva** | Ames, Iowa, United States
- **Senior Applications Engineer** | 10/2010 to 07/2014 | **Oracle India** | Hyderabad, India
- **Assistant Systems Engineer** | 07/2008 to 10/2010 | **Tata Consultancy Services** | Hyderabad, India

EDUCATION

Master of Science: Computer Science, 2016 | **GPA:** 3.82

Iowa State University - Ames, IA

Thesis: Using node ordering to improve Structure MCMC for Bayesian model averaging

Relevant coursework: Algorithms, Artificial Intelligence, Machine Learning
Research assistant in Rapid Manufacturing and Prototyping Laboratory. Enhanced and developed C++ based tool for manufacturing using CNC(Computer Numerical Control) machines.

Bachelor of Science:ComputerEngineering, 2008 | **GPA:** 7.96/10

Thapar University - Patiala, Punjab, India

Relevant coursework Algorithms, Databases, Software development and management

MASTERS THESIS

Using node ordering to improve Structure MCMC for Bayesian model averaging Addresses an important problem of estimating Bayesian model structures using Bayesian model averaging approach. Owing to the super exponential structure space, it is a challenging task to find a structure that best explains the data. This is further worsened when the amount of data available is modest. This thesis proposes a Markov Chain Monte Carlo(MCMC) simulation approach in order to use Bayesian Model averaging technique to estimate posterior of certain features.

CERTIFICATIONS

- AWS Fundamentals (Coursera) | April 2023 | Id: [RGNKJT6VT74B](#)
- IBM Data Science Professional Certificate (Coursera) | September 2020 | Id: [6TAQ8RMWM2KQ](#)
- Machine Learning by Stanford Online (Coursera) | November 2019 | Id: [BD5E3586DFEN](#)
- Sun Certified Programmer for the Java Platform, SE 5.0 - March 2009
- Sun Certified Web Component Developer for the Java Platform, EE 5 - June 2010

VOLUNTEER WORK

- Made a huge impact on the Agronomy department team by developing a prototype of a data acquisition tool to capture images that controls various cameras using Raspberry Pi and Arduino during summer while managing it along with an ongoing internship.
- Volunteered at DSM hackathon to help Campfire Heart of Iowa build a website on wordpress.
- Volunteered for Sankalp at Iowa State in order to support various projects led by different NGOs in India.
